

Elliot Carr-Barnsley

Producer/Director
Drone Pilot

07876401261 • www.elliottfilms.com • elliott@elliottfilms.com
including latest showreels

An extensively experienced ob-doc, factual and ents PD, I have worked with talent and contributors over 13 years in the role, making informative specialist series, sensitively telling harrowing stories, or producing fun reality. I am also a GVC certified drone operator. Regularly returning to previous employers, I can reliably produce sensitive contrib-led stories, or work directly with talent to tell a structured story. Happy working autonomously or leading a team, scripting and Edit Producing full hours, as well as VT strands. As well as considerable ob-doc location experience, I'm also able to create glossy multi camera interview setups

Previous Work
